

SAMHSA Grant
Health Assessment and Support Program

The programs below are available to you at no cost after qualifying enrollment into the program for under or uninsured individuals:

- 1.) Integrated Health Homes (IHH): This service is to expand on care coordination services for the client. This service includes facilitating any appointments with providers, coordinate care between ALL providers, find employment opportunities, and medication education via nurse care manager. More services are available and tailored to each individual client. This service also provides support, advocacy, community resources, food/clothing vouchers, housing assistance, etc. The minimum requirement is contact once a month to check in after the intake process, more frequent contact is available for client who want this.
- 2.) Peer Support Groups: These are peer lead groups with a variety of Vera French locations and topics open to clients. These groups offer support, engaging conversation, and a sense of community for participants.
- 3.) Pre- and Post-Release Support Services (PAPRSS): Short-term case management to individuals who are being released or recently released from incarceration, housed in a community based corrections facility, or who are on probation/parole. Staff will connect client with community, mental health, employment, etc. resources.
- 4.) Rick's House of Hope Youth Services: Group youth services once a week with various topics to assist youth with grief or traumas. Teen girls group is every Wednesday 3:30-5 PM and the youth boys/girls group is Tuesdays 4:30-6 PM.

These programs can have co-pays and/or services covered based on income eligibility:

- 5.) Telehealth services: Meeting with a prescriber or therapist via telephone or computer system (Doxy). This assists with obstacles of meeting face to face as a way to ensure appointments are completed.

- 6.) Therapy Services Face to Face: This service is with any providers (therapist/prescriber) one currently has or will obtain. We also have a second location for a therapist at the Carol Center Location: 808 N Harrison St Davenport IA.
- 7.) Family Therapy Services- Tuesday and Thursday afternoons per provider's schedule
- 8.) Parent-Child Interaction Therapy (PCIT)- Parent and Child are in weekly therapy sessions to improve the relationship and change problematic behavior concerns over a course of 20 weeks. This is for children ages 2-7 years of age who exhibit a wide range of behavioral concerns such as aggression, non-compliance, low self-esteem, effects of chronic trauma, self-injurious behaviors, etc. PCIT is not appropriate for children who have an intellectual disability, acute trauma, or a parent/guardian who is unwilling or unable to change his/her parenting.

These services are 100% voluntary to the client and can be dismissed at any time.

*To enter into the program an assessment needs to be completed, it takes 15-45 minutes and reassessments will be conducted every 6 months while client is enrolled in program.

*To be eligible for the grant client must receive at least one service every three months.
